AGENDA

2:00 – 2:10 Opening to meeting and updates

2:10 – 3:10 Big issues

What big issues or questions need to be addressed before we can make any recommendations about principles or tools for evaluation? We have already begun building a “parking lot” for these that includes things like access to data, transparency, and validating evaluation instruments. What other big categories do we need to consider? What fundamental questions concern you most about this work?

3:10 – 3:40 Guiding principles

At our first meeting, I said that any recommendation that we make needs to be valid, fair, useful, and feasible. Are there other principles that should guide our work?

3:40 – 4:10 Learning from experts

What two or three things are you most needing to learn about from consultants or each other to do this work responsibly? Do you have suggestions for experts we could bring in to guide some of that learning?

4:10 – 5:00 Advisory Committee

What role do you envision for the soon-to-be-appointed advisory committee of teachers, administrators, and parents?
